DETAILED ACTION

1. Claims 4, 5, 11 and 15 are allowed over the prior art of record.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: The Prior art does not teach or fairly suggest the subject matter of these claims. Independent Claims 4, 11 and 15, when considered as a whole, are allowable over the prior art of record. Specifically, prior art of record fails to clearly teach or suggest the mode selector switch in the independent claims which operates by alternatively selecting a style data playback mode (comprising prescribed accompaniment and another user performing part) and a user performance data playback mode (comprising user accompaniment with another performing part). While the prior art of record shows methods that present composing in each of the two different ways, they do not show a mode selector switch for changing back and forth between them.

Dependent Claim 5 further adds limitations to the allowable subject matter of the respective independent claims, thus is also allowable.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
